100% Proceeds goes to the “Send A Child to Camp” Project

Cost \$15

The Miss Penny program started out as a year-round penny drive designed to assist children in attending camp and was founded by Linda on March 19, 2006.

In her role as Early Childhood Educator she found a need in the Parkdale Community for many school-age children to experience getting out of the city and going on an adventure.

These children would not be able to otherwise have the camping experience, so together with the help of Parkdale United Church children have been sent to Camp Big Canoe, a United Church camp located in the Muskoka area, through the “Send A Child to Camp” Project.

The goal is to raise \$10,000.00 and send 10 children to camp.

“Children are our future and we need to help them with theirs”.
